

ADDENDUM 1

ROBERT LUCERO

905 GENGLER STREEET

MARYSVILLE, CA 95901

1. Is the contractor going to be responsible for removing the wall AC unit?

Yes, the contractor shall remove the wall AC unit and repair the inside and outside of the wall.

2. Is tile floor in the kitchen going to be removed?

No, the tile floor will remain. The contractor shall verify with the cabinet builder that the new cabinets will have a slightly larger "footprint" than the existing cabinets. The contractor will need to install plywood to fill the hole where the existing cabinets sat after they are removed.
