

ADDENDUM 2

Town Center General Improvements

506 Plumas Street

Yuba City, CA 95991

1. The specifications call for a 30 gal water heater, but the existing are 40 gal. Do you want to down size to a 30 gallon?

The spec is for a 30 gallon because some of the new 40 gallon units are very tight in the existing closet. If the 40 gallon will fit we would prefer to stay with a 40 gallon.

2. The Ge model refrigerator # GTE18GTHWW is not ADA compliant, but GE model # GTE18ETHWW is, which model would you like to use?

Please use the ADA compliant model #GTE18ETHWW.
