INDEPENDENT AUDITOR'S REPORT

The Board of Directors Sutter Community Affordable Housing Yuba City, California

We have audited the accompanying statement of financial position of Sutter Community Affordable Housing, Yuba City, California (a nonprofit Corporation) as of March 31, 2012, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

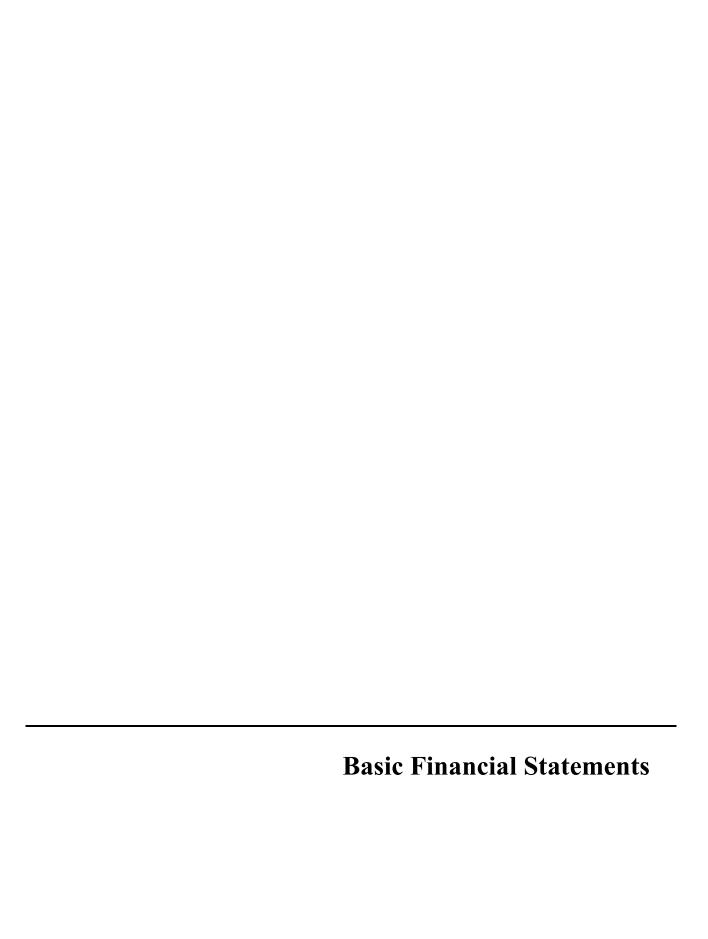

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation, as of March 31, 2012, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Basic Financial Statements For the Year Ended March 31, 2012

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of Sutter Community Affordable Housing (Corporation) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to nonprofit entities. The more significant of the Corporation's accounting policies are described below.

A. Description of Reporting Entity

Sutter Community Affordable Housing is located in Yuba City, California and provides housing for low-income families and elderly and handicapped persons who cannot afford decent, safe, and sanitary housing.

B. Functional Expenses

Expenses are charged directly to program or administration in general categories based on specific identification. The Corporation does not allocate indirect expenses and a statement of functional expenses is not presented.

C. Income Taxes

The Corporation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Corporation has also been classified as an entity that is not a private foundation within the meaning of Section 509(a) and qualifies for deductible contributions as provided in Section 170(1)(A)(vi).

D. Basis of Accounting

The operations of the Corporation are organized into funds, each of which is considered to be a separate accounting entity. The three funds of the Corporation record the activity of separate projects.

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements.

The financial statements of the Corporation have been prepared on the accrual basis of accounting. Under this method of accounting, revenues are recognized when they are earned and expenses are recognized when the liability is incurred.

E. Basis of Presentation

The financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) in ASC 958 (formerly SFAS No. 117). Under FASB ASC 958, the Corporation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted net assets - Net assets that are not subject to donor imposed stipulations. The deficit in unrestricted net assets represent the excess of liabilities over assets.

Notes to Basic Financial Statements For the Year Ended March 31, 2012

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Basis of Presentation (Continued)

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that will be met by actions of the Corporation and/or the passage of time. The Corporation does not have any temporarily restricted net assets.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that the principal be maintained permanently by the Corporation. The Corporation does not have any permanently restricted net assets.

F. Cash and Deposits

Cash and deposits held by the Corporation at March 31, 2012, consists of cash held in checking and saving accounts at banks which are secured by the Federal Deposit Insurance Corporation (FDIC). The balance in these banks did not exceed amounts covered by the FDIC. The Corporation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash deposits. Concentration of credit risk associated with investments is considered low due to the credit quality of the financial institutions holding these cash deposits and the Federal Deposit Insurance Corporation coverage.

G. Cash and Cash Equivalents

For purposes of the statement of cash flows, the Corporation considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

H. Accounts Receivable

Accounts receivable at March 31, 2012, consisted primarily of tenant dwelling rents. Management considers all amounts to be collectible and therefore has established no allowance for uncollectibles.

I. Inventories

Purchases of supplies are recorded as an expense at the time of purchase. Records are not maintained of inventory and supplies on hand, although these amounts are not considered material.

J. Capital Assets

Capital assets are defined by the Corporation as assets with a cost of greater than \$1,000 and an estimated useful life of more than two years. Capital assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are recorded at their estimated fair market value at the date of donation.

Depreciation is computed on a straight-line basis over the estimated useful lives of the related assets. The estimated useful lives of depreciable assets are as follows:

<u>Depreciable Asset</u> <u>Estimated Lives</u>
Furniture and equipment 5- 10 years
Buildings 30 years

Notes to Basic Financial Statements For the Year Ended March 31, 2012

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Capital Assets (Continued)

Expenditures for maintenance and repairs are charged against operations. Renewals and betterments that materially extend the life of the assets are capitalized.

K. Interfund Transactions

Following is a description of the four basic types of interfund transactions made during the year and the related accounting policies:

- <u>Due to/from other funds</u> loans between funds reported as receivables and payables and referred to as due to/from other funds.
- Quasi-external (charges for current services) transactions for services rendered or facilities provided. These transactions are recorded as revenues in the receiving fund and expenses in the disbursing fund.
- Reimbursements (expenditure transfers) transactions to reimburse a fund for specific expenditures incurred for the benefit of another fund. These transactions are recorded as expenses in the disbursing fund and a reduction of expenses in the receiving fund.
- <u>Transfers</u> all other interfund transactions which allocate resources from one fund to another fund. These transactions are recorded as operating transfers in and out.

L. Revenue Recognition

Dwelling rents are recognized when earned. When rents are received in advance of the due date, they are recorded as prepaid tenant rent.

M. Use of Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2: DEFICIT NET ASSETS

Sutter Community Affordable Housing had deficit net assets in the following individual funds as of March 31, 2012:

Town Center \$ 1,445,100 Yolo Street Heiken Way 62,791

These deficits are caused primarily by debt and accrued interest on debt. Repayment of this debt and accrued interest has either been deferred by the lenders until the Corporation has adequate revenue to begin repayment or is scheduled to be forgiven if compliance requirements are met.
